**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the quarterly period ended March 31, 2026.

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the transition period from _____ to _____.

Commission file number: 001-38900

THE PENNANT GROUP, INC.

(Exact Name of Registrant as Specified in Its Charter)

Delaware
(State or Other Jurisdiction of
Incorporation or Organization)

83-3349931
(I.R.S. Employer
Identification No.)

1675 East Riverside Drive, Suite 150, Eagle, ID 83616
(Address of Principal Executive Offices and Zip Code)
(208) 401-1400

(Registrant's Telephone Number, Including Area Code)
None

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Exchange Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.001 per share	PNTG	Nasdaq Global Select Market

Securities registered pursuant to Section 12(g) of the Exchange Act: None

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.
 Yes No

Indicate by check mark whether the registrant has submitted electronically, every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act:

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by a check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of May 4, 2026, 34,767,557 shares of the registrant's common stock were outstanding.

THE PENNANT GROUP INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(In thousands, except per share data and operational senior living units)

1. DESCRIPTION OF BUSINESS

The Pennant Group, Inc. (herein referred to as “Pennant,” the “Company,” “we,” “it,” or “its”), is a holding company with no direct operating assets, employees or revenue. The Company, through its independent operating subsidiaries, provides healthcare services across the post-acute care continuum. As of March 31, 2026, the Company’s subsidiaries operated 174 home health, hospice and home care agencies and 63 senior living communities located in Alabama, Arizona, California, Colorado, Georgia, Idaho, Montana, Nevada, Oklahoma, Oregon, Tennessee, Texas, Utah, Washington, Wisconsin and Wyoming. We also provide home health and hospice operational support through a management service agreement in Connecticut.

Certain of the Company’s subsidiaries, collectively referred to as the Service Center, provide accounting, payroll, human resources, information technology, legal, risk management, and other services to the operations through contractual relationships. The Service Center also provides certain of these services to unaffiliated third parties under management agreements.

Each of the Company’s affiliated operations are operated by separate, independent subsidiaries that have their own management, employees and assets. References herein to the consolidated “Company” and “its” assets and activities are not meant to imply, nor should they be construed as meaning, that Pennant has direct operating assets, employees or revenue, or that any of the subsidiaries are operated by Pennant.

2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying unaudited condensed consolidated financial statements of the Company (the “Interim Financial Statements”) reflect the Company’s financial position, results of operations, and cash flows of the business. The Interim Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and pursuant to the regulations of the Securities and Exchange Commission (“SEC”). Management believes that the Interim Financial Statements reflect, in all material respects, all adjustments which are of a normal and recurring nature necessary to present fairly the Company’s financial position, results of operations, and cash flows for the periods presented in conformity with GAAP. The results reported in these Interim Financial Statements are not necessarily indicative of results that may be expected for the entire year.

The Condensed Consolidated Balance Sheet as of December 31, 2025 is derived from the Company’s annual audited Consolidated Financial Statements for the fiscal year ended December 31, 2025, which should be read in conjunction with these Interim Financial Statements. Certain information in the accompanying footnote disclosures normally included in annual financial statements was condensed or omitted for the interim periods presented in accordance with GAAP.

All intercompany transactions and balances between the various legal entities comprising the Company have been eliminated in consolidation. The Company presents noncontrolling interests within the equity section of its Condensed Consolidated Balance Sheets and the amount of consolidated net income that is attributable to the Company and the noncontrolling interest in its Condensed Consolidated Statements of Income.

The Company consists of various limited liability companies and corporations established to operate home health, hospice, home care, and senior living operations. The Interim Financial Statements include the accounts of all entities controlled by the Company through its ownership of a majority voting interest. Revenue was derived from transactional information specific to the Company’s services provided.

Estimates and Assumptions - The preparation of the Interim Financial Statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Interim Financial Statements and the reported amounts of revenue and expenses during the reporting periods. The most significant estimates in the Interim Financial Statements relate to self-insurance reserves, revenue recognition, and intangible assets and goodwill. Actual results could differ from those estimates.

State relief funding. The Company receives state relief funding through programs from various states and other state specific relief programs. The funding generally incorporates specific use requirements primarily for direct patient care including labor related expenses that are associated with providing patient care.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

These funds are recognized as a reduction of cost of services expenses when related expenses are incurred. As of March 31, 2026 and December 31, 2025, the Company had \$276 and \$477 in unapplied state relief funds, respectively. The unapplied state relief funds received are recorded in other accrued liabilities. The Company recognized state relief funding totaling \$476 for the three months ended March 31, 2026, and \$682 for the three months ended March 31, 2025, which the Company recognized as a reduction of cost of services expense.

Recent Accounting Pronouncements

Except for rules and interpretive releases of the SEC under authority of federal securities laws and a limited number of grandfathered standards, the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) is the sole source of authoritative GAAP literature recognized by the FASB and applicable to the Company. For any new pronouncements announced, the Company considers whether the new pronouncements could alter previous generally accepted accounting principles and determines whether any new or modified principles will have a material impact on the Company's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of the Company's financial management and certain standards are under consideration.

In November 2024, the FASB issued ASU 2024-03 “*Disaggregation of Income Statement Expenses*,” which requires the Company to disaggregate key expense categories such as employee compensation, depreciation and intangible asset amortization within its financial statements. This guidance is effective for annual periods beginning after December 15, 2026, which will be the Company's fiscal year 2027, and interim periods within the Company's fiscal year 2028, with early adoption permitted. The Company is currently evaluating the impact of this ASU on its Consolidated Financial Statements.

In September 2025, the FASB issued ASU 2025-06 “*Targeted Improvements to the Accounting for Internal-Use Software*,” which amends certain aspects of the accounting for and disclosure of software costs under ASC 350-40 *Internal-Use Software*. This guidance is effective for annual periods beginning after December 15, 2027, which will be the Company's fiscal year 2028, and interim periods within the Company's fiscal year 2029, with early adoption permitted. The Company is currently evaluating the impact of this ASU on its Consolidated Financial Statements.

3. TRANSACTIONS WITH ENSIGN

Pennant completed its separation from The Ensign Group, Inc. (“Ensign”) in 2019. Certain directors who serve on our Board of Directors also serve as directors of Ensign and own shares of Ensign common stock. Pennant and Ensign continue to partner in the provision of services along the healthcare continuum.

The Company incurred costs of \$124 for the three months ended March 31, 2026, and \$195 for the three months ended March 31, 2025, that related primarily to shared services at proximate operations.

Expenses related to room and board charges at Ensign skilled nursing facilities for hospice patients were \$2,174 for the three months ended March 31, 2026, and \$1,672 for the three months ended March 31, 2025, and are included in cost of services.

The Company's independent operating subsidiaries leased 32 communities from subsidiaries of Ensign under master lease arrangements as of March 31, 2026. See further discussion below at Note 13, Leases.

4. NET INCOME PER COMMON SHARE

Basic net income per share is computed by dividing net income attributable to stockholders of the Company by the weighted average number of outstanding common shares for the period. The computation of diluted net income per share is similar to the computation of basic net income per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The following table sets forth the computation of basic and diluted net income per share for the periods presented:

	Three Months Ended March 31,	
	2026	2025
Numerator:		
Net income attributable to The Pennant Group, Inc.	\$ 8,519	\$ 7,775
Denominator:		
Weighted average shares outstanding for basic net income per share	34,726	34,471
Plus: assumed incremental shares from exercise of options and assumed conversion or vesting of restricted stock ^(a)	1,031	731
Adjusted weighted average common shares outstanding for diluted income per share	35,757	35,202
Earnings Per Share:		
Basic net income per common share	\$ 0.25	\$ 0.23
Diluted net income per common share	\$ 0.24	\$ 0.22

(a) The diluted per share amounts do not reflect common share equivalents outstanding of 1,960 for the three months ended March 31, 2026, and 1,578 for the three months ended March 31, 2025, because of their anti-dilutive effect.

5. REVENUE AND ACCOUNTS RECEIVABLE

Revenue is recognized when services are provided to the patients at the amount that reflects the consideration to which the Company expects to be entitled from patients and third-party payors, including Medicare, Medicaid, and managed care programs (Commercial, Medicare Advantage, and Managed Medicaid plans). The healthcare services in home health and hospice patient contracts include routine services in exchange for contractually agreed-upon amounts or rates. Routine services are treated as a single performance obligation satisfied over time as services are rendered. As such, patient care services represent a bundle of services that are not capable of being distinct within the context of the contract. Additionally, there may be ancillary services which are not included in the rates for routine services, but instead are treated as separate performance obligations satisfied at a point in time, if and when those services are rendered.

Revenue recognized from healthcare services is adjusted for estimates of variable consideration to arrive at the transaction price. The Company determines the transaction price based on contractually agreed-upon amounts or rates, adjusted for estimates of variable consideration. The Company uses the expected value method in determining the variable component that should be used to arrive at the transaction price, using contractual agreements and historical reimbursement experience within each payor type. The amount of variable consideration which is included in the transaction price may be constrained and is included in the net revenue only to the extent that it is probable that a significant reversal in the amount of the cumulative revenue recognized will not occur in a future period. If actual amounts of consideration ultimately received differ from the Company's estimates, the Company adjusts these estimates, which would affect net service revenue in the period such variances become known.

The Company records revenue from Medicare, Medicaid, and managed care programs as services are performed at their expected net realizable amounts under these programs. The Company's revenue from governmental and managed care programs is subject to audit and retroactive adjustment by governmental and third-party agencies. Consistent with healthcare industry accounting practices, any changes to these governmental revenue estimates are recorded in the period the change or adjustment becomes known based on final settlement.

Disaggregation of Revenue

The Company disaggregates revenue from contracts with its patients or residents by reportable operating segments and payors. The Company has determined that disaggregating revenue into these categories achieves the disclosure objectives to depict how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The Company's service specific revenue recognition policies are as follows:

Home Health Revenue

Medicare Revenue

Net service revenue is recognized in accordance with the Patient Driven Groupings Model ("PDGM"). Under PDGM, Medicare provides agencies with payments for each 30-day payment period provided to beneficiaries. If a beneficiary is still eligible for care after the end of the first 30-day payment period, a second 30-day payment period can begin. There are no limits to the number of periods of care a beneficiary who remains eligible for the home health benefit can receive. While payment for each 30-day payment period is adjusted to reflect the beneficiary's health condition and needs, a special outlier provision exists to ensure appropriate payment for those beneficiaries that have the most expensive care needs. The payment under the Medicare program is also adjusted for certain variables including, but not limited to: (a) a low utilization payment adjustment if the number of visits is below an established threshold that varies based on the diagnosis of a beneficiary; (b) a partial payment if the patient transferred to another provider or the Company received a patient from another provider before completing the period of care; (c) adjustment to the admission source of claim if it is determined that the patient had a qualifying stay in a post-acute care setting within 14 days prior to the start of a 30-day payment period; (d) the timing of the 30-day payment period provided to a patient in relation to the admission date, regardless of whether the same home health provider provided care for the entire series of episodes; (e) changes to the acuity of the patient during the previous 30-day payment period; (f) changes in the base payments established by the Medicare program; (g) adjustments to the base payments for case mix and geographic wages; and (h) recoveries of overpayments.

The Company adjusts Medicare revenue on completed episodes to reflect differences between estimated and actual payment amounts, an inability to obtain appropriate billing documentation, and other reasons unrelated to credit risk. Therefore, the Company believes that its reported net service revenue and patient accounts receivable will be the net amounts to be realized from Medicare for services rendered.

In addition to revenue recognized on completed episodes and periods, the Company also recognizes a portion of revenue associated with episodes and periods in progress. Episodes in progress are 30-day payment periods that begin during the reporting period but were not completed as of the end of the period. As such, the Company estimates revenue and recognizes it on a daily basis. The primary factors underlying this estimate are the number of episodes in progress at the end of the reporting period, expected Medicare revenue per period of care or episode of care, and the Company's estimate of the average percentage complete based on the scheduled end of period and end of episode dates.

Non-Medicare Revenue

Episodic Based Revenue - The Company recognizes revenue in a similar manner as it recognizes Medicare revenue for episodic-based rates that are paid by other insurance carriers, including Medicare Advantage programs; however, these rates can vary based upon the negotiated terms.

Non-episodic Based Revenue - Revenue is recognized on an accrual basis based upon the date of service at amounts equal to its established or estimated per visit rates, as applicable.

Management Services Revenue - The Company recognizes revenue earned from its management service agreements as the services are provided. Fees charges are based upon the contractual terms of each agreement.

Hospice Revenue

Revenue is recognized on an accrual basis based upon the date of service at amounts equal to the estimated payment rates. The estimated payment rates are calculated as daily rates for each of the levels of care the Company delivers. Revenue is adjusted for an inability to obtain appropriate billing documentation or authorizations acceptable to the payor and other reasons unrelated to credit risk. Additionally, as Medicare hospice revenue is subject to an inpatient cap and an overall payment cap, the Company monitors its provider numbers and estimates amounts due back to Medicare if a cap has been exceeded. The Company regularly evaluates and records these adjustments as a reduction to revenue and an increase to other accrued liabilities.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

Senior Living Revenue

The Company has elected the lessor practical expedient within ASC Topic 842, *Leases* (“ASC 842”) and therefore recognizes, measures, presents, and discloses the revenue for services rendered under the Company’s senior living residency agreements based upon the predominant component, either the lease or non-lease component, of the contracts. The Company has determined that the services included under the Company’s senior living residency agreements each have the same timing and pattern of transfer. The Company recognizes revenue under ASC Topic 606, *Revenue from Contracts with Customers* for its senior residency agreements, for which it has determined that the non-lease components of such residency agreements are the predominant component of each such contract.

The Company’s senior living revenue consists of fees for basic housing and assisted living care. Accordingly, we record revenue when services are rendered on the date services are provided at amounts billable to individual residents. Residency agreements are generally for a term of 30 days, with resident fees billed monthly in advance. For residents under reimbursement arrangements with Medicaid, revenue is recorded based on contractually agreed-upon amounts or rates on a per resident, daily basis or as services are rendered.

Revenue By Payor

Revenue by payor for the three months ended March 31, 2026 and 2025, is summarized in the following tables:

Three Months Ended March 31, 2026					
	Home Health and Hospice Services		Senior Living Services	Total Revenue	Revenue %

(a) Private and other payors in the Company’s home health services includes revenue from all payors generated in the Company’s home care operations and management services agreement.

Balance Sheet Impact

Included in the Company’s Condensed Consolidated Balance Sheets are contract assets, comprised of billed accounts receivable and unbilled receivables, which are the result of the timing of revenue recognition, billings, and cash collections, as well as contract liabilities, which primarily represent payments the Company receives in advance of services provided.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

Accounts receivable, net as of March 31, 2026 and December 31, 2025 is summarized in the following table:

	March 31, 2026	December 31, 2025
Medicare	\$ 66,220	\$ 64,813
Medicaid	17,580	12,132
Managed care	24,133	24,570
Private and other	15,588	22,275
Accounts receivable, gross	123,521	123,790
Less: allowance for doubtful accounts	(701)	(681)
Accounts receivable, net	<u>\$ 122,820</u>	<u>\$ 123,109</u>

Concentrations - Credit Risk

The Company has significant accounts receivable balances, the collectability of which is dependent on the availability of funds from certain governmental programs, primarily Medicare and Medicaid, which may be paid directly by those programs or administered by third parties, such as in the case of Medicare Advantage plans or state Medicaid funds administered by managed care organizations. These receivables represent the only significant concentration of credit risk for the Company. The Company does not believe there are significant credit risks associated with these governmental programs. The Company believes that an appropriate allowance has been recorded for the possibility of these receivables proving uncollectible, and continually monitors and adjusts these allowances as necessary. The Company's gross receivables from the Medicare and Medicaid programs accounted for approximately 67.8% and 62.2% of its total gross accounts receivable as of March 31, 2026 and December 31, 2025, respectively. Combined revenue from reimbursement under the Medicare and Medicaid programs accounted for 63.9% of the Company's revenue the three months ended March 31, 2026, and 61.2% of the Company's revenue for the three months ended March 31, 2025.

Practical Expedients and Exemptions

As the Company's contracts have an original duration of one year or less, the Company uses the practical expedient applicable to its contracts and does not consider the time value of money. Further, because of the short duration of these contracts, the Company has not disclosed the transaction price for the remaining performance obligations as of the end of each reporting period or when the Company expects to recognize this revenue. In addition, the Company has applied the practical expedient provided by ASC Topic 340, *Other Assets and Deferred Costs*, and all incremental customer contract acquisition costs are expensed as they are incurred because the amortization period would have been one year or less.

6. BUSINESS SEGMENTS

The Company classifies its operations into the following reportable operating segments: (1) home health and hospice services, which includes the Company's home health, hospice, home care, and geriatric primary and palliative care businesses; and (2) senior living services, which includes the operation of assisted living, independent living, and memory care communities. The reporting segments are business units that offer different services and are managed separately to provide greater visibility into those operations. The Company's Chief Executive Officer, who is the Company's Chief Operating Decision Maker ("CODM"), reviews financial information at the operating segment level.

As of March 31, 2026, the Company provided services through 174 affiliated home health, hospice and home care agencies, and 63 affiliated senior living operations. The Company evaluates performance and allocates capital resources to each segment based on an operating model that is designed to maximize the quality of care provided and profitability. The Company's Service Center provides various services to all lines of business. The CODM does not review assets by segment and therefore assets and capital expenditure by segment are not disclosed below.

The CODM uses Segment Adjusted EBITDAR from Operations as the primary measure of profit and loss for the Company's reportable segments and to compare the performance of its operations with those of its competitors. The CODM monitors these results and provides guidance to leadership of the reportable segments to allocate enterprise-wide resources. Segment Adjusted EBITDAR from Operations is net income attributable to the Company's reportable segments excluding interest expense, provision for income taxes, depreciation and amortization expense, rent, unallocated corporate and administrative expenses, and, in order to view the operations' performance on a comparable basis from period to period, certain

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

adjustments including: (1) activities associated with start-up operations, (2) share-based compensation expense, (3) acquisition related costs, (4) activities associated with transitioning operations, (5) transition services costs, (6) other unusual, non-recurring, or redundant charges, and (7) net income attributable to noncontrolling interest. "All Other" consists of revenues generated at operating locations not included in the segment financial information reviewed by the CODM. Revenue included in the "All Other" category is insignificant individually, and therefore does not constitute a reportable segment. General and administrative expenses are not allocated to the reportable segments, and are included as "Unallocated corporate expenses", accordingly the segment earnings measure reported is before allocation of corporate general and administrative expenses. The Company's segment measures may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following tables present certain financial information regarding the Company's reportable segments, provided that general and administrative expenses are not allocated to the reportable segments:

	Home Health and Hospice Services	Senior Living Services	All Other	Total
Three Months Ended March 31, 2026				
Segment Revenue	\$ 228,832	\$ 54,654	\$ 1,878	\$ 285,364
Segment Cost of Services	192,031	38,390		
Segment Adjusted EBITDAR from Operations	\$ 36,801	\$ 16,264		\$ 53,065
Three Months Ended March 31, 2025				
Segment Revenue	\$ 159,443	\$ 49,534	\$ 865	\$ 209,842
Segment Cost of Services	132,169	35,085		
Segment Adjusted EBITDAR from Operations	\$ 27,274	\$ 14,449		\$ 41,723

The following table provides a reconciliation of Segment Adjusted EBITDAR from Operations to Condensed Consolidated Income from Operations:

	Three Months Ended March 31,	
	2026	2025
Segment Adjusted EBITDAR from Operations	\$ 53,065	\$ 41,723
Less: Unallocated corporate expenses	18,325	13,694
Depreciation and amortization	2,616	1,892
Rent—cost of services	13,098	11,715
Other income	(146)	(69)
Adjustments to Segment EBITDAR from Operations:		
Less: Start-up operations ^(a)	295	78
Share-based compensation expense and related taxes ^(b)	2,589	2,167
Acquisition related costs ^(c)	354	272
Activities associated with transitioning operations ^(d)	—	20
Transition services costs ^(e)	407	—
Other unusual, non-recurring, or redundant charges ^(f)	—	51
Add: Net income attributable to noncontrolling interest	1,774	747
Condensed Consolidated Income from Operations	<u>\$ 17,301</u>	<u>\$ 12,650</u>

(a) Represents results related to start-up operations. This amount excludes rent and depreciation and amortization expense related to such operations.

(b) Share-based compensation expense and related payroll taxes incurred. Share-based compensation expense and related payroll taxes are included in cost of services and general and administrative expense.

(c) Non-capitalizable costs associated with acquisitions and write-offs for amounts in dispute with the prior owners of certain acquired operations.

(d) During 2025, an affiliate of the Company held its memory care units in transition and is converting the facility into an assisted living community.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

- (e) Costs identified as redundant or non-recurring incurred by the Company as a result of the transition services agreement between the Company and UnitedHealth Group Incorporated entered into as part of the acquisition agreement consummated on October 1, 2025. All amounts are included in Cost of services. Fees incurred under the transition services agreement were \$2,815 for the three months ended March 31, 2026.
- (f) Represents other unusual, non-recurring, or redundant charges for legal services, implementation costs, integration costs, and consulting fees in general and administrative and cost of services expenses.

Adjusted segment depreciation expense	Home Health and Hospice Services	Senior Living Services
Three Months Ended March 31, 2026	\$ 404	\$ 1,279
Three Months Ended March 31, 2025	\$ 230	\$ 1,111

7. ACQUISITIONS

The Company's acquisition focus is to purchase or lease operations that are complementary to the Company's current businesses, accretive to the Company's business, or otherwise advance the Company's strategy. The results of all the Company's independent operating subsidiaries are included in the Interim Financial Statements subsequent to the date of acquisition. Acquisitions are accounted for using the acquisition method of accounting. During the three months ended March 31, 2026, the Company did not acquire any new operations.

2025 Acquisitions

During the three months ended March 31, 2025, the Company expanded its operations with the addition of five home health agencies, four hospice agencies, and three senior living communities. In connection with the senior living communities acquired, the Company entered into new long-term "triple-net" leases. These new communities included 188 operational senior living units to be operated by the Company's independent operating subsidiaries.

There were no material acquisition costs that were expensed related to the business combinations during the three months ended March 31, 2025.

Subsequent Events

On April 1, 2026, the Company acquired the real estate of one senior living community located in Arizona for \$2,000. On May 1, 2026, the Company entered into new long-term "triple-net" leases on two senior living communities in Wisconsin and one senior living community in Arizona. A subsidiary of the Company entered into a separate operations transfer agreement with the prior operators of the acquired operations as part of each of the transactions. These new communities include 263 operational senior living units to be operated by one of the Company's independent operating subsidiaries.

8. PROPERTY AND EQUIPMENT—NET

Property and equipment, net consist of the following:

	March 31, 2026	December 31, 2025
Land	\$ 8,797	\$ 8,688
Building	16,025	16,025
Leasehold improvements	28,524	25,349
Equipment	42,546	37,697
Furniture and fixtures	2,559	2,540
Construction in progress	3,310	6,147
	<u>101,761</u>	<u>96,446</u>
Less: accumulated depreciation	(37,788)	(35,462)
Property and equipment, net	<u>\$ 63,973</u>	<u>\$ 60,984</u>

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

Depreciation expense was \$2,616 for the three months ended March 31, 2026, and \$1,892 for the three months ended March 31, 2025.

The Company measures certain assets at fair value on a non-recurring basis, including long-lived assets, which are evaluated for impairment on an annual basis or when a triggering event occurs. Long-lived assets include assets such as property and equipment, operating lease assets and certain intangible assets. The inputs used to determine the fair value of long-lived assets in the impairment analysis are considered Level 3 measurements due to their subjective nature. Management has evaluated its long-lived assets and determined there was no impairment recorded during the three months ended March 31, 2026 and 2025.

9. GOODWILL AND OTHER INDEFINITE-LIVED INTANGIBLE ASSETS

The following table represents activity in goodwill by segment for the three months ended March 31, 2026:

	Home Health and Hospice Services	Senior Living Services	Total
December 31, 2025	\$ 233,604	\$ 3,642	\$ 237,246
Additions	—	—	—
March 31, 2026	\$ 233,604	\$ 3,642	\$ 237,246

Other indefinite-lived intangible assets consist of the following:

	March 31, 2026	December 31, 2025
Trade names	\$ 18,161	\$ 18,161
Medicare and Medicaid licenses	181,281	181,281
Total	\$ 199,442	\$ 199,442

No goodwill or intangible asset impairment charges were recorded during the three months ended March 31, 2026 and 2025.

10. OTHER ACCRUED LIABILITIES

Other accrued liabilities consist of the following:

	March 31, 2026	December 31, 2025
Self-insurance liabilities	\$ 10,546	\$ 8,368
Hospice CAP liabilities	3,849	3,958
Deferred revenue	2,518	2,291
Refunds payable	3,801	4,049
Property taxes	993	1,602
Resident deposits	815	880
Software license payable	908	908
Finance leases liabilities—current	6,294	818
Other	5,193	3,977
Other accrued liabilities	\$ 34,917	\$ 26,851

Deferred revenue occurs when the Company receives payments in advance of services provided. Refunds payable includes payables related to overpayments, duplicate payments and credit balances from various payor sources. Resident deposits include refundable deposits to residents.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

11. DEBT

Long-term debt consists of the following:

	March 31, 2026	December 31, 2025
Amended revolving credit facility	\$ 72,000	\$ 75,000
Incremental term loans	98,750	100,000
Total debt	170,750	175,000
Less current maturities	5,000	5,000
Unamortized debt issuance costs ^(a)	(1,082)	(1,163)
Long-term debt, net	\$ 164,668	\$ 168,837

(a) For the three months ended March 31, 2026, outstanding debt issuance costs of \$2,836 are recorded in Restricted and other assets and \$1,082 are recorded in Long-term debt, net. For the year ended December 31, 2025, outstanding debt issuance costs of \$3,058 are recorded in Restricted and other assets and \$1,163 are recorded in Long-term debt, net.

On July 31, 2024, Pennant entered into an Amended and Restated Credit Agreement (the “Amended Credit Agreement”), which provides for a revolving credit facility (the “Amended Revolving Credit Facility”) with a syndicate of banks with a borrowing capacity of \$250,000. In conjunction with the amendment, the Company incurred additional debt issuance costs of \$3,915 and wrote off previously deferred unamortized debt issuance costs of \$428 in 2024. Per the terms of the Amended Credit Agreement, the interest rates applicable to loans under the Amended Revolving Credit Facility are, at the Company’s election, either (i) Term Standard Overnight Financing Rate (“SOFR”) (as defined in the Amended Credit Agreement) plus a margin ranging from 1.75% to 2.75% per annum or (ii) Base Rate plus a margin ranging from 0.75% to 1.75% per annum, in each case based on the ratio of Consolidated Total Net Debt to Consolidated EBITDA (each, as defined in the Amended Credit Agreement). In addition, Pennant pays a commitment fee on the undrawn portion of the commitments under the Amended Revolving Credit Facility that ranges from 0.25% to 0.45% per annum, depending on the Consolidated Total Net Debt to Consolidated EBITDA ratio of the Company and its subsidiaries. The Company is not required to repay any loans under the Amended Credit Agreement prior to maturity in July 2029.

On November 3, 2025, Pennant entered into the First Amendment to Amended and Restated Credit Agreement (the “First Amendment”), which provides for an incremental term loan with an aggregate principal amount of \$100,000 (the “Incremental Term Loans”). The Incremental Term Loans constitute term loans under, and are subject to the terms and provisions of, the Amended Credit Agreement, including bearing interest at the same interest rate, and having the same maturity date, as the Amended Revolving Credit Facility. In conjunction with the First Amendment, the Company incurred additional debt issuance costs of \$1,203. The debt issuance costs associated with the Incremental Term Loans are recorded in Long-term debt, net. As of March 31, 2026, the Company’s weighted average interest rate on its outstanding debt was 6.07%.

As of March 31, 2026, the Company had available borrowing on the Amended Revolving Credit Facility of \$174,564, which was net of outstanding letters of credit of \$3,436.

The fair value of the Amended Revolving Credit Facility and the Incremental Term Loans approximates carrying value, due to the short-term nature and variable interest rates. The fair value of this debt is categorized within Level 2 of the fair value hierarchy based on the observable market borrowing rates.

The Amended Credit Agreement is guaranteed, jointly and severally, by certain of the Company’s independent operating subsidiaries, and is secured by a pledge of stock of the Company’s material independent operating subsidiaries as well as a first lien on substantially all of each material operating subsidiary’s personal property. The Amended Credit Agreement contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of the Company and its independent operating subsidiaries to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations, amend certain material agreements and pay certain dividends and other restricted payments. Financial covenants require compliance with certain leverage ratios that impact the amount of interest. As of March 31, 2026, the Company was compliant with all such financial covenants.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

12. OPTIONS AND AWARDS

Outstanding options and restricted stock awards of the Company were granted under the Amended and Restated 2019 Omnibus Incentive Plan (the “Amended and Restated Plan”) and Long-Term Incentive Plan (the “LTIP”, and together with the Amended and Restated Plan, the “Pennant Plans”). During the second quarter of 2025, the Company’s stockholders approved the Amended and Restated Plan, which increased the total number of shares authorized for issuance under the 2019 Omnibus Incentive Plan (the “Predecessor Plan”). Including the shares rolled over from the Predecessor Plan, the Amended and Restated Plan provides for the issuance of 3,293 shares of common stock.

Under the Pennant Plans, stock-based payment awards, including employee stock options, restricted stock awards (“RSA”), and restricted stock units (“RSU” and together with RSA, “Restricted Stock”) are issued based on estimated fair value. The following disclosures represent share-based compensation expense relating to employees of the Company’s subsidiaries and non-employee directors who have awards under the Pennant Plans.

Share-Based Compensation

The following disclosures represent share-based compensation expense relating to the Pennant Plans, including awards to employees of the Company’s subsidiaries.

Total share-based compensation expense for all Pennant Plans for the three months ended March 31, 2026 and 2025 was:

	Three Months Ended March 31,	
	2026	2025
Share-based compensation expense related to stock options	\$ 1,900	\$ 1,332
Share-based compensation expense related to Restricted Stock	208	432
Share-based compensation expense related to Restricted Stock to non-employee directors	413	383
Total share-based compensation	<u>\$ 2,521</u>	<u>\$ 2,147</u>

In future periods, the Company estimates it will recognize the following share-based compensation expense for unvested stock options and unvested Restricted Stock as of March 31, 2026:

	Unrecognized Compensation Expense	Weighted Average Recognition Period (in years)
Unvested Stock Options	\$ 32,349	4.1
Unvested Restricted Stock	1,812	2.9
Total unrecognized share-based compensation expense	<u>\$ 34,161</u>	

Stock Options

Under the Pennant Plans, options granted to employees of the subsidiaries of Pennant generally vest over five years at 20% per year on the anniversary of the grant date. Options expire ten years after the date of grant.

The Company uses the Black-Scholes option-pricing model to recognize the value of stock-based compensation expense for share-based payment awards under the Pennant Plans. Determining the appropriate fair-value model and calculating the fair value of stock-based awards at the grant date requires considerable judgment, including estimating stock price volatility and expected option life. The Company develops estimates based on historical data and market information, which can change significantly over time.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The fair value of each option is estimated on the grant date using a Black-Scholes option-pricing model with the following weighted average assumptions for stock options granted as of March 31:

Grant Year	Options Granted	Risk-Free Interest Rate	Expected Life ^(a)	Expected Volatility ^(b)	Dividend Yield	Weighted Average Fair Value of Options
2026	587	3.8 %	6.5	52.8 %	— %	\$ 33.30
2025	224	4.0 %	6.5	42.1 %	— %	\$ 10.96

(a) Under the midpoint method, the expected option life is the midpoint between the contractual option life and the average vesting period for the options being granted. This resulted in an expected option life of 6.5 years for the options granted.

(b) Because the Company's equity shares have been traded for a relatively short period of time, expected volatility assumption was based on the volatility of related industry stocks.

The following table represents the employee stock option activity during the three months ended March 31, 2026:

	Number of Options Outstanding	Weighted Average Exercise Price	Number of Options Vested	Weighted Average Exercise Price of Options Vested
December 31, 2025	4,367	22.34	1,811	\$ 21.44
Granted	587	33.30		
Exercised	(67)	18.87		
Forfeited	(41)	23.10		
Expired	(3)	30.06		
March 31, 2026	<u>4,843</u>	\$ 23.71	2,018	\$ 21.32

Restricted Stock

A summary of the status of Pennant's non-vested Restricted Stock, and changes during the three months ended March 31, 2026, is presented below:

	Non-Vested Restricted Stock	Weighted Average Grant Date Fair Value
December 31, 2025	127	\$ 18.17
Granted	71	32.41
Vested	(71)	32.41
March 31, 2026	<u>127</u>	\$ 18.17

13. LEASES

The Company has operating leases through which their independent operating subsidiaries lease administrative offices of home health and hospice agencies, senior living communities, and corporate offices with initial lease terms ranging from one to 25 years. Most of these operating leases are non-cancelable, contain renewal options, most involve rent increases, and none contain purchase options. The lease term excludes lease renewals because the renewal rents are not at a bargain, there are no economic penalties for the Company to renew the lease, and it is not reasonably certain that the Company will exercise the extension options. The Company elected the accounting policy practical expedients in ASC 842 to: (i) combine associated lease and non-lease components into a single lease component; and (ii) exclude recording short-term leases as right-of-use assets and liabilities on the Condensed Consolidated Balance Sheets. Non-lease components, which are not significant overall, are combined with lease components. The Company also has finance leases which have initial terms between 2 and 5 years. As of March 31, 2026, the Company has a real estate lease with a purchase option that the Company is reasonably certain to exercise and leased vehicles that are considered finance leases under ASC 842.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

As of March 31, 2026, the Company's independent operating subsidiaries leased 32 senior living communities from subsidiaries of Ensign ("Ensign Leases") under master lease arrangements. The existing leases with subsidiaries of Ensign have initial terms of between 14 to 20 years. The total amount of rent expense included in rent - cost of services paid to subsidiaries of Ensign was \$3,849 for the three months ended March 31, 2026, and \$3,754 for the three months ended March 31, 2025. In addition to rent, each of the operating companies are required to pay the following: (1) all impositions and taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor); (2) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties; (3) all insurance required in connection with the leased properties and the business conducted on the leased properties; (4) all community maintenance and repair costs; and (5) all fees in connection with any licenses or authorizations necessary or appropriate for the leased properties and the business conducted on the leased properties.

Fourteen of the Company's affiliated senior living communities, excluding the communities that are operated under the Ensign Leases, are operated under three separate master lease arrangements. Under these master leases, a breach at a single community could subject one or more of the other communities covered by the same master lease to the same default risk. Failure to comply with Medicare and Medicaid provider requirements is a default under several of the Company's leases and master leases. With an indivisible lease, it is difficult to restructure the composition of the portfolio or economic terms of the master lease without the consent of the landlord.

Finance lease balances consist of the following:

	<u>March 31, 2026</u>	<u>December 31, 2025</u>
Finance lease balances:		
Finance right-of-use assets ^(a)	\$ 7,560	\$ 6,586
Finance lease liabilities—current ^(b)	\$ 6,294	\$ 818
Long-term finance lease liabilities—less current portion ^(c)	\$ 1,371	\$ 5,845

(a) Finance right-of-use assets are included in Restricted and other assets on our Condensed Consolidated Balance Sheets.

(b) Finance lease liabilities—current are included in Other accrued liabilities on our Condensed Consolidated Balance Sheets.

(c) Long-term finance lease liabilities—less current portion are included in Other long-term liabilities on our Condensed Consolidated Balance Sheets.

The components of operating lease cost, are as follows:

	Three Months Ended March 31,	
	<u>2026</u>	<u>2025</u>
Operating lease costs:		
Community Rent—cost of services	\$ 9,885	\$ 9,573
Office Rent—cost of services	3,213	2,142
Rent—cost of services ^(a)	\$ 13,098	\$ 11,715
General and administrative expense	\$ 285	\$ 161
Variable lease cost ^(b)	\$ 2,717	\$ 2,403
Finance lease costs:		
Amortization of lease assets ^(c)	\$ 263	\$ 97
Interest on lease liabilities ^(d)	\$ 96	\$ 69

(a) Includes short-term lease cost, which is immaterial.

(b) Represents variable lease cost for operating leases, which costs include property taxes, insurance, common area maintenance, and consumer price index increases, incurred as part of the Company's triple net leases, and which is included in cost of services for our home health and hospice and senior living leases, and general and administrative expense for our Service Center leases for the three months ended March 31, 2026 and 2025.

(c) Amortization of lease assets is included in Depreciation and amortization on our Condensed Consolidated Statements of Income.

(d) Interest on lease liabilities is included in Interest expense, net on our Condensed Consolidated Statements of Income.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The following table shows the lease maturity analysis for all leases as of March 31, 2026:

Year	Operating Lease Amounts	Finance Lease Amounts
2026 (Remainder)	\$ 34,774	\$ 1,240
2027	44,505	6,177
2028	41,528	624
2029	38,936	138
2030	37,343	11
Thereafter	213,347	—
Total lease payments	410,433	8,190
Less: present value adjustments	(133,618)	(525)
Present value of total lease liabilities	276,815	7,665
Less: current lease liabilities	(25,557)	(6,294)
Long-term lease liabilities	\$ 251,258	\$ 1,371

Lease liabilities are based on the net present value of the remaining lease payments over the remaining lease term. In determining the present value of lease payments, the Company used its incremental borrowing rate based on the information available at each lease's commencement date to determine each lease's operating lease liability. As of March 31, 2026, for our operating leases, the weighted average remaining lease term is 10.5 years and the weighted average discount rate is 7.9%. As of December 31, 2025, for our operating leases, the weighted average remaining lease term was 10.7 years and the weighted average discount rate was 7.9%. As of March 31, 2026, for our finance leases, the weighted average remaining lease term and the weighted average discount rate was 1.5 years and 6.2%, respectively. As of December 31, 2025, for our finance leases, the weighted average remaining lease term and the weighted average discount rate was 1.5 years and 6.3%, respectively.

14. INCOME TAXES

The Company recorded income tax expense of \$3,794 and \$2,854, or 26.9% and 25.1% of earnings before income taxes, for the three months ended March 31, 2026 and 2025, respectively. The increase in the effective tax rate is primarily attributable to higher state income taxes driven by changes in the geographic mix of earnings, net of the related federal tax benefit.

15. DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS

The Company has a 401(k) defined contribution plan (the "401(k) Plan"), whereby eligible employees may contribute up to 90% of their annual basic earnings, subject to applicable annual Internal Revenue Code limits. Additionally, the 401(k) Plan provides for discretionary matching contributions (as defined in the 401(k) Plan) by the Company. The Company expensed matching contributions to the 401(k) Plan of \$851 for the three months ended March 31, 2026, and \$578 for the three months ended March 31, 2025.

The Company has a non-qualified deferred compensation plan (the "DCP") for executives, other highly compensated employees, independent contractors and non-employee directors. The independent contractors and non-employee directors are otherwise ineligible for participation in the Company's 401(k) plan. The DCP allows participants to defer the receipt of a portion of their base compensation, and further allows certain participants to defer up to 80% of their base salary and bonus compensation or director fees. At the participant's election, payments can be deferred until a specific date at least one year after the year of deferral or until termination of engagement with the Company and can be paid in a lump sum or in up to ten annual installments. Separate deferral elections can be made for each year, and in limited circumstances, existing payment elections may be changed. The amounts deferred are credited with earnings and losses based upon the actual performance of the deemed investments selected by the participant. The rate of return for each participant varies depending on the specific investment elections made by the participant. Additionally, the plan deposits the employee deferrals into a rabbi trust and the funds are generally invested in individual variable life insurance contracts owned by the Company that are specifically designed to informally fund savings plans of this nature. The Company paid for related administrative costs, which were immaterial during the fiscal years presented.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

At March 31, 2026 and December 31, 2025, the Company's deferred compensation liabilities were \$5,966 and \$3,816, respectively, in other long-term liabilities on the Condensed Consolidated Balance Sheets. The cash surrender value of the individual variable life insurance contracts is based on investment funds that shadow the investment allocations specified by participants in the DCP. At March 31, 2026 and December 31, 2025, the cash surrender value of the company owned life insurance ("COLI") policies were \$5,969 and \$3,812 respectively, and were included as a component of restricted and other assets on the Condensed Consolidated Balance Sheets. There are no outstanding loan amounts offset against the cash surrender value of the COLI policies. The gains and losses recorded for the change in cash surrender value were immaterial for each period presented.

16. COMMITMENTS AND CONTINGENCIES

Regulatory Matters - The Company provides services in complex and highly regulated industries. The Company's compliance with applicable U.S. federal, state and local laws and regulations governing these industries may be subject to governmental review and adverse findings may result in significant regulatory action, which could include sanctions, damages, fines, penalties (many of which may not be covered by insurance), and even temporary or permanent exclusion from government programs. The Company is a party to various regulatory and other governmental audits and investigations in the ordinary course of business and cannot predict the ultimate outcome of any federal or state regulatory survey, audit or investigation. While governmental audits and investigations are the subject of administrative appeals, the appeals process, even if successful, may take several years to resolve and penalties subject to appeal may remain in place during such appeals. The Department of Justice, Centers for Medicare and Medicaid Services ("CMS"), or other federal and state enforcement and regulatory agencies may conduct additional investigations related to the Company's businesses. The Company believes it is presently in compliance in all material respects with all applicable laws and regulations.

Cost-Containment Measures - Government and third-party payors have instituted cost-containment measures designed to limit payments made to providers of healthcare services, may propose or implement future cost-containment measures, and there can be no assurance that future measures designed to limit payments made to providers will not adversely affect the Company.

Indemnities - From time to time, the Company enters into certain types of contracts that contingently require the Company to indemnify parties against third-party claims. These contracts primarily include (i) certain real estate leases, under which the Company may be required to indemnify property owners or prior operators for post-transfer environmental or other liabilities and other claims arising from the Company's use of the applicable premises, (ii) operations transfer agreements, in which the Company agrees to indemnify past operators of agencies and communities the Company acquires against certain liabilities arising from the transfer of the operation and/or the operation thereof after the transfer, (iii) certain Ensign lending agreements, and (iv) certain agreements with management, directors and employees, under which the subsidiaries of the Company may be required to indemnify such persons for liabilities arising out of their employment relationships. The terms of such obligations vary by contract and, in most instances, a specific or maximum dollar amount is not explicitly stated therein. Generally, amounts under these contracts cannot be reasonably estimated until a specific claim is asserted. Consequently, because no claims have been asserted, no liabilities have been recorded for these obligations on the Company's Condensed Consolidated Balance Sheets for any of the periods presented.

Litigation - The Company's businesses involve a significant risk of liability given the age and health of the patients and residents served by its independent operating subsidiaries. The Company, its operating subsidiaries, and others in the industry may be subject to a number of claims and lawsuits, including professional liability claims, alleging that services provided have resulted in personal injury, elder abuse, wrongful death or other related claims. Healthcare litigation (including class action litigation) is common and is filed based upon a wide variety of claims and theories, and the Company is routinely subjected to these claims in the ordinary course of business, including potential claims related to patient care and treatment, and professional negligence. The Company may also face employment related claims, including wage and hour class actions, which are common in our industry. If there were a significant increase in the number of these claims or an increase in amounts owing should plaintiffs be successful in their prosecution of these claims, this could materially adversely affect the Company's business, financial condition, results of operations and cash flows. In addition, the defense of these lawsuits may result in significant legal costs, regardless of the outcome, and may result in large settlement amounts or damage awards.

In addition to the potential lawsuits and claims described above, the Company also is subject to potential lawsuits under the False Claims Act (the "FCA") and comparable state laws alleging submission of fraudulent claims for services to any healthcare program (such as Medicare) or payor. A violation may provide the basis for exclusion from federally funded healthcare programs. Such exclusions could have a correlative negative impact on the Company's financial performance. Some

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

states, including California, Arizona and Texas, have enacted similar whistleblower and false claims laws and regulations. In addition, the Deficit Reduction Act of 2005 created incentives for states to enact anti-fraud legislation modeled on the FCA, for which 18 states have qualified, including California and Texas, where we conduct business. As such, the Company could face scrutiny, potential liability and legal expenses and costs based on claims under state false claims acts in markets in which it conducts business.

Under the Fraud Enforcement and Recovery Act (“FERA”) and its associated rules, healthcare providers face significant penalties for the knowing retention of government overpayments, even if no false claim was involved. Under current regulations, providers have an obligation to return overpayments to CMS within 60 days of “identification” (i.e., a person has identified an overpayment when the person knowingly receives or retains an overpayment with the same knowledge standard under the FCA) or the date any corresponding cost report is due, whichever is later. This 60-day repayment obligation is suspended, however, when a provider is conducting a good faith investigation to determine the existence of related overpayments that may arise from the same (or similar) cause as the originally identified overpayment, and the provider conducts a timely, good-faith investigation to determine whether related overpayments exist. Retention of overpayments beyond this period may create liability under the FCA. In addition, FERA protects whistleblowers (including employees, contractors, and agents) from retaliation.

The Company cannot predict or provide any assurance as to the possible outcome of any litigation. If any litigation were to proceed, and the Company and its operating companies are subjected to, alleged to be liable for, or agree to a settlement of, claims or obligations under federal Medicare statutes, the FCA, or similar state and federal statutes and related regulations, the Company’s business, financial condition and results of operations and cash flows could be materially and adversely affected. Among other things, any settlement or litigation could involve the payment of substantial sums to settle any alleged civil violations, and may also include the assumption of specific procedural and financial obligations by the Company or its independent operating subsidiaries going forward under a corporate integrity agreement and/or other arrangement with the government. The Company establishes reserves to cover the anticipated costs of such litigation, including legal fees and expected settlements, based on the Company’s historical litigation experience, current developments, and other factors.

Medicare Revenue Recoupments - The Company is subject to probe reviews relating to Medicare services, billings and potential overpayments by Unified Program Integrity Contractors (“UPIC”), Recovery Audit Contractors (“RAC”), Zone Program Integrity Contractors (“ZPIC”), Program Safeguard Contractors (“PSC”), Supplemental Medical Review Contractors (“SMRC”) and Medicaid Integrity Contributors (“MIC”) programs (each of the foregoing collectively referred to as “Reviews”).

As of March 31, 2026, 12 of the Company’s independent operating subsidiaries had Reviews scheduled, on appeal or in dispute resolution process, both pre- and post-payment. If an operation fails an initial or subsequent Review, the operation could then be subject to extended Review, suspension of payment, or extrapolation of the identified error rate to all billing in the same time period. The Company, from time to time, receives record requests in Reviews which have resulted in claim denials on paid claims. The Company has appealed substantially all denials arising from these Reviews using the applicable appeals process. As of March 31, 2026, and through the filing of this Quarterly Report on Form 10-Q, the Company’s independent operating subsidiaries have responded to the Reviews that are currently ongoing, on appeal or in dispute resolution process. The Company cannot predict the ultimate outcome of any regulatory and other governmental Reviews. While such Reviews are the subject of administrative appeals, the appeals process, even if successful, may take several years to resolve. The costs to respond to and defend such Reviews may be significant and an adverse determination in such Reviews may subject the Company to sanctions, damages, extrapolation of damage findings, additional recoupments, fines, other penalties (some of which may not be covered by insurance), and termination from Medicare programs which may, either individually or in the aggregate, have a material adverse effect on the Company’s business and financial condition.

Insurance - The Company retains risk for a substantial portion of potential claims for general and professional liability, workers’ compensation and automobile liability. The Company recognizes obligations associated with these costs, up to specified deductible limits in the period in which a claim is incurred, including with respect to both reported claims and claims incurred but not reported. The general and professional liability insurance has a retention limit of \$250 per claim with a \$600 corridor as an additional out-of-pocket retention the Company must satisfy for claims within the policy year before the carrier will reimburse losses. The workers’ compensation insurance has a retention limit of \$250 per claim, except for policies held in Texas, which has a retention limit of \$100 per claim, California, which has a retention limit of \$500 per claim, and Washington and Wyoming, which are subject to state insurance and possess their own limits.

THE PENNANT GROUP, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (Continued)

The Company is self-insured for claims related to employee health, dental, and vision care. To protect itself against loss exposure, the Company has purchased individual stop-loss insurance coverage that insures individual health claims that exceed \$350 for each covered person for fiscal year 2026 and fiscal year 2025.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis in conjunction with the Interim Financial Statements and the related notes thereto contained in Part I, Item 1 of this Quarterly Report on Form 10-Q (this "Quarterly Report"). The information contained in this Quarterly Report is not a complete description of our business or the risks associated with an investment in our common stock. We urge you to carefully review and consider the various disclosures made by us in this Quarterly Report and in our other reports filed with the Securities and Exchange Commission ("SEC"), including our Annual Report on Form 10-K for the year ended December 31, 2025 (the "2025 Annual Report"), which discusses our business and related risks in greater detail, as well as subsequent reports we may file from time to time on Form 10-K, Form 10-Q and Form 8-K, for additional information. The section entitled "Risk Factors" filed within our 2025 Annual Report describes some of the important risk factors that may affect our business, financial condition, results of operations and/or liquidity. You should carefully consider those risks, in addition to the other information in this Quarterly Report and in our other filings with the SEC, before deciding to purchase, hold or sell our common stock.

Special Note About Forward-Looking Statements

This Quarterly Report contains "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995, that are based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "outlook," "believes," "expects," "potential," "continues," "may," "might," "will," "should," "could," "seeks," "approximately," "goals," "future," "projects," "predicts," "guidance," "target," "intends," "plans," "estimates," "anticipates," the negative version of these words or other comparable words. Forward-looking statements include, but are not limited to, statements related to our expectations regarding the performance of our business, our financial results, our liquidity and capital resources, the effects of competition and the effects of future legislation or regulations and other non-historical statements.

The risk factors discussed in this Quarterly Report and the 2025 Annual Report under the heading "Risk Factors," could cause our results to differ materially from those expressed in forward-looking statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to:

- federal and state changes to, or delays receiving, reimbursement and other aspects of Medicaid and Medicare, including proposed Medicare reimbursement reductions in the Calendar Year 2026 Home Health Prospective Payment System Rate Update Final Rule and changes to Medicaid funding within the One Big Beautiful Bill Act;
- changes in, and compliance with, the laws and regulations affecting the U.S. healthcare industry, and changes based on the outcomes of the 2026 midterm elections and state level elections that may affect how these laws are enacted and enforced in the future;
- proposed changes to payment models and reimbursement amounts within the Medicare and Medicaid fee schedules for future calendar years, including potentially minimal increases in Medicare Advantage rates and payments in the future;
- future cost containment measures undertaken by payors;
- government reviews, audits and investigations of our business;
- potential additional regulation affecting the transparency, ownership, operating standards, conditions of licensure or participation in certain payment programs, and staffing of businesses in our industry;
- increased competition and increased cost of acquisition or retention for, or a shortage of, skilled personnel;
- achievement and maintenance of competitive quality of care ratings and referrals from referral sources;
- changes in, and compliance with, state and federal employment, fair housing, safety, licensing and other laws;
- competition from other healthcare providers, federal and state efforts to regulate or deregulate the healthcare services industry, including through staffing levels and requirements, or the construction or expansion of the number of home health, hospice or senior living operations;
- actions of labor unions, including strikes, work stoppages, unfair labor practices claims, or related labor activity;
- costs associated with litigation or any future litigation settlements;
- the leases of our affiliated senior living communities;

- inability to complete future acquisitions at attractive prices or at all, and failure to successfully or efficiently integrate new acquisitions into our existing operations and operating subsidiaries;
- general economic conditions, including a housing downturn, which could affect seniors' ability to afford resident fees, or inflation and increasing interest rates, which raise the costs of goods and borrowing capital, which may affect the delivery and affordability of our services;
- security breaches and other cyber security incidents; and
- the performance of the financial and credit markets and uncertainties related to our ability to obtain financing or the terms of such financing.

Forward-looking statements involve risks, uncertainties and assumptions. Actual results may differ materially from those expressed in these forward-looking statements. You should not place undue reliance on any forward-looking statements in this Quarterly Report. Although we may from time to time voluntarily update our prior forward-looking statements, we disclaim any commitment to do so except as required by applicable securities laws.

Overview

We are a leading provider of high-quality healthcare services to patients and residents of all ages, including the growing senior population, in the United States. We strive to be the provider of choice in the communities we serve through our innovative operating model. We operate in multiple lines of businesses including home health, hospice and senior living services across Alabama, Arizona, California, Colorado, Georgia, Idaho, Montana, Nevada, Oklahoma, Oregon, Tennessee, Texas, Utah, Washington, Wisconsin and Wyoming. We also provide home health and hospice operational support through a management service agreement in Connecticut. As of March 31, 2026, our home health and hospice business provided home health, hospice and home care services from 174 agencies operating across these 16 states, and our senior living business operated 63 senior living communities throughout seven states.

The following table summarizes our affiliated home health and hospice agencies and senior living communities as of:

	December 31,								March 31,
	2018	2019	2020	2021	2022	2023	2024	2025	2026
Home health and hospice agencies	54	63	76	88	95	111	123	172	174
Senior living communities	50	52	54	54	49	51	57	63	63
Senior living units	3,820	3,963	4,127	4,127	3,500	3,588	3,960	4,428	4,428
Total number of home health, hospice, and senior living operations	104	115	130	142	144	162	180	235	237

Trends

We experienced improvement in senior living revenue per occupied unit and occupancy during the three months ended March 31, 2026, compared to the same period in 2025. Despite year-over-year gains in revenue per occupied unit and occupancy, competition and inflation will continue to influence revenue growth in our senior living communities.

When we acquire turnaround or start-up operations, we expect that our combined metrics may be impacted. We expect these metrics to vary from period to period based upon the maturity of the operations within our portfolio. We have generally experienced lower occupancy rates and higher costs at our senior living communities and lower census and higher costs at our home health and hospice agencies for recently acquired operations; as a result, we generally anticipate lower and/or fluctuating consolidated and segment margins during years of acquisition growth.

Government Regulation

We have disclosed under the heading “Government Regulation” in the 2025 Annual Report a summary of regulations that we believe materially affect our business, financial condition or results of operations. Since the time of the filing of the 2025 Annual Report, the following regulations have been updated.

On February 3, 2026, the Consolidated Appropriations Act of 2026 (“CAA 2026”) was passed, which further extended government funding through September 30, 2026. Of specific importance to our businesses are:

- *Telehealth Waivers*: Since the COVID-19 pandemic, Congress has temporarily waived restrictions so Medicare beneficiaries can access telehealth services at home and outside of rural areas. Medicare recipients can now continue using telehealth under these relaxed rules, regardless of location. The waivers expired on September 30, 2025, but the CAA 2026 reinstated them retroactive to October 1, 2025, while extending them through December 31, 2027. Specifically, key waivers that were restored temporarily include:
 - Lifting geographic limitations for medical telehealth services, allowing them to be provided nationwide, including in a person’s home such as an assisted living residence.
 - Delaying the Medicare requirement for in-person visits for mental health services provided through telehealth or audio-only telecommunications technology.
 - Permitting telehealth to be used for face-to-face encounters required for Hospice recertification purposes.
- *Extension of Funding for Quality Measure Endorsement, Input, and Selection*: This extends such funding through September 30, 2026.
- *Extension of Funding for Medicare Hospice Surveys*: This extends such funding through December 31, 2026.
- *Sequestration*: This legislation prevents the triggering of statutory 4.0% Statutory Pay-As-You-Go Act of 2010 sequestration cuts to Medicare.

CMS has issued guidance instructing Medicare Administrative Contractors to perform mass adjustments to any paid claims that are inconsistent with the above and instructing Practitioners to resubmit to CMS any returned claims that were previously determined not payable during the shutdown.

On April 2, 2026, CMS issued the Calendar Year (“CY”) 2027 Hospice Wage Index and Payment Rate Update proposed rule (“Hospice Payment Proposed Rule”). The 2027 Hospice Payment Proposed Rule includes several changes that, if finalized, could materially impact reimbursement of hospice providers. The Hospice Payment Proposed Rule’s net payment update percentage is 2.4%, which is an estimated increase of \$785 million in payments from fiscal year 2026 in the aggregate across all hospice providers. The payment update percentage is based on a 3.2% market basket percentage increase, reduced by a 0.8% productivity adjustment. In addition, the Hospice Payment Proposed Rule proposes to update the statutory aggregate cap of the total overall payments per patient that may be made to a hospice annually to \$36,210.11 for fiscal year 2027, which is an increase of 2.4% from the 2026 fiscal year cap of \$35,361.44.

The Hospice Payment Proposed Rule seeks to make a technical change extending hospice’s ability to use telehealth to conduct encounters that otherwise have to be conducted face-to-face through December 31, 2027, to align with the CAA 2026. Further, CMS is proposing to make the hospice election statement addendum, which was originally only provided to hospice patients upon request, mandatory for all hospice elections. In publishing the 2027 Hospice Payment Proposed Rule, CMS explained that this requirement will provide beneficiaries additional transparency regarding the items, services, and drugs not covered under Medicare’s hospice benefits, so that those beneficiaries can make appropriate treatment decisions. Finally, as part of the Hospice Quality Reporting Program, CMS is proposing to add an icon to the Medicare.gov Compare Tool that will identify hospices failing to submit any data or submitting less than the required quality data beginning in the 2028 fiscal year.

Segments

We have two reportable segments: (1) home health and hospice services, which includes our home health, hospice, home care, and geriatric primary and palliative care businesses; and (2) senior living services, which includes our assisted living, independent living, and memory care services. Our Chief Executive Officer, who is our CODM, reviews financial information at the operating segment level using segment adjusted EBITDAR from operations.

Key Performance Indicators

We manage the fiscal aspects of our business by monitoring key performance indicators that affect our financial performance. These indicators and their definitions include the following:

Home Health and Hospice Services

- **Total home health admissions.** Total admissions of home health patients, including new acquisitions, new admissions, and readmissions.
- **Total Medicare home health admissions.** Total admissions of home health patients, who are receiving care under Medicare reimbursement programs, including new acquisitions, new admissions, and readmissions.
- **Average Medicare revenue per completed 60-day home health episode.** The average amount of revenue for each completed 60-day home health episode generated from patients who are receiving care under Medicare reimbursement programs.
- **Total hospice admissions.** Total admissions of hospice patients, including new acquisitions, new admissions, and recertifications.
- **Average hospice daily census.** The average number of patients who are receiving hospice care during any measurement period divided by the number of days during such measurement period.
- **Hospice Medicare revenue per day.** The average daily Medicare revenue recorded during any measurement period for services provided to hospice patients.

The following table summarizes our overall home health and hospice statistics for the periods indicated:

	Three Months Ended March	
	2026	2025
Home health services:		
Total home health admissions	30,721	18,878
Total Medicare home health admissions	13,303	7,599
Average Medicare revenue per 60-day completed episode ^(a)	\$ 3,689	\$ 3,698
Hospice services:		
Total hospice admissions	4,805	3,783
Average hospice daily census	5,199	3,794
Hospice Medicare revenue per day	\$ 192	\$ 190

(a) The year-to-date average Medicare revenue per 60-day completed episode includes post-period claim adjustments for prior quarters.

Senior Living Services

- **Occupancy.** The ratio of actual number of days our units are occupied during any measurement period to the number of units available for occupancy during such measurement period.
- **Average monthly revenue per occupied unit.** The revenue for senior living services during any measurement period divided by actual occupied senior living units for such measurement period divided by the number of months for such measurement period.

The following table summarizes our senior living statistics for the periods indicated:

	Three Months Ended March 31,	
	2026	2025
Occupancy	78.6 %	78.5 %
Average monthly revenue per occupied unit	\$ 5,388	\$ 5,193

Revenue Sources

Home Health and Hospice Services

Home Health. We derive the majority of our home health revenue from Medicare and managed care. The Medicare payment is adjusted for differences between estimated and actual payment amounts, an inability to obtain appropriate billing documentation or authorizations acceptable to the payor, and other reasons unrelated to credit risk. Net service revenue is recognized in accordance with PDGM methodology. Under PDGM, Medicare provides agencies with payments for each 30-day period of care provided to beneficiaries. If a beneficiary is still eligible for care after the end of the first 30-day payment period, a second 30-day payment period can begin. There are no limits to the number of periods of care a beneficiary who remains eligible for the home health benefit can receive. While payment for each 30-day period of care is adjusted to reflect the beneficiary's health condition and needs, a special outlier provision exists to ensure appropriate payment for those beneficiaries that have the most expensive care needs. The PDGM payment under the Medicare program is also adjusted for certain variables including, but not limited to: (a) a low utilization payment adjustment if the number of visits is below an established threshold that varies based on the diagnosis of a beneficiary; (b) a partial payment if the patient transferred to another provider or the Company received a patient from another provider before completing the period of care; (c) adjustment to the admission source of claim if it is determined that the patient had a qualifying stay in a post-acute care setting within 14 days prior to the start of a 30-day payment period; (d) the timing of the 30-day payment period provided to a patient in relation to the admission date, regardless of whether the same home health provider provided care for the entire series of episodes; (e) changes to the acuity of the patient during the previous 30-day period of care; (f) changes in the base payments established by the Medicare program; (g) adjustments to the base payments for case mix and geographic wages; and (h) recoveries of overpayments. These variables are subject to periodic adjustments set by CMS regulations. For further detail regarding PDGM see the *Government Regulation* section of our 2025 Annual Report.

Hospice. We derive the majority of our hospice business revenue from Medicare reimbursement. The estimated payment rates are calculated as daily rates for each of the levels of care we deliver. Rates are set based on specific levels of care, are adjusted by a wage index to reflect healthcare labor costs across the country, and are established annually through federal legislation. The following are the four levels of care provided under the hospice benefit:

- **Routine Home Care ("RHC").** Care that is not classified under any of the other levels of care, such as the work of nurses, social workers, or home health aides.
- **General Inpatient Care.** Pain control or acute or chronic symptom management that cannot be managed in a setting other than an inpatient Medicare-certified facility, such as a hospital, skilled nursing facility, or hospice inpatient facility.
- **Continuous Home Care.** Care for patients experiencing a medical crisis that requires nursing services to achieve palliation and symptom control, if the agency provides a minimum of eight hours of care within a 24-hour period.
- **Inpatient Respite Care.** Short-term, inpatient care to give temporary relief to the caregiver who regularly provides care to the patient.

CMS has established a two-tiered payment system for RHC services. Hospices are reimbursed at a higher rate for RHC services that are provided for days of service 1 through 60, and a lower rate for all subsequent days of service. CMS also provides for a Service Intensity Add-On, which increases payments for certain RHC services provided by registered nurses and social workers to hospice patients during the final seven days of life.

Medicare reimbursement is adjusted for an inability to obtain appropriate billing documentation or authorizations acceptable to the payor and other reasons unrelated to credit risk. Additionally, as Medicare hospice revenue is subject to an inpatient cap limit and an overall payment cap, we monitor our provider numbers and based upon empirical experience, estimate amounts due back to Medicare to the extent that the cap has been exceeded.

Senior Living Services. Within our senior living operations, we generate revenue primarily from private pay sources, with a portion earned from Medicaid or other state-specific programs.

Primary Components of Expense

Cost of Services (excluding rent, general and administrative expense, and depreciation and amortization). Our cost of services represents the costs of operating our independent operating subsidiaries, which primarily consists of employee wages and related benefits, share-based compensation, supplies, purchased services, and ancillary expenses such as the cost of pharmacy and therapy services provided to patients and residents. Cost of services also includes the cost of general and professional liability insurance and other general cost of services specifically attributable to our operations.

Rent—Cost of Services. Rent—cost of services consists solely of base minimum rent amounts payable under lease agreements to our landlords. Our subsidiaries lease and operate but do not own the underlying real estate at our operations, and these amounts do not include taxes, insurance, impounds, capital reserves, or other charges payable under the applicable lease agreements, which are included in cost of services and general and administrative expense.

General and Administrative Expense. General and administrative expense consists primarily of employee wages and related benefits and travel expenses for our Service Center personnel in providing training and other operational support. General and administrative expense also includes professional fees (including accounting and legal fees), costs relating to information systems, stock-based compensation, and rent for our Service Center offices.

Depreciation and Amortization. Property and equipment are initially recorded at their historical cost. Depreciation is computed using the straight-line method over the estimated useful lives of the depreciable assets (ranging from one to forty years). Leasehold improvements are amortized on a straight-line basis over the shorter of their estimated useful lives or the remaining lease term.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based on Interim Financial Statements, which have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). The preparation of the Interim Financial Statements and related disclosures requires us to make judgments, estimates, and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. On an ongoing basis we review our judgments and estimates, including but not limited to those related to self-insurance reserves, revenue, intangible assets, and goodwill. We base our estimates and judgments upon our historical experience, knowledge of current conditions and our belief of what could occur in the future considering available information, including assumptions that we believe to be reasonable under the circumstances. By their nature, these estimates and judgments are subject to an inherent degree of uncertainty, and actual results could differ materially from the amounts reported. While we believe that our estimates, assumptions, and judgments are reasonable, they are based on information available when the estimate was made. Refer to Note 2, *Basis of Presentation and Summary of Significant Accounting Policies*, within the 2025 Annual Report for further information on our critical accounting estimates and policies, which are as follows:

- **Self-insurance reserves** - The Company is self-insured for general and professional liability, workers’ compensation, automobile, and its employee health plans while maintaining stop-loss coverage with third-party insurers to limit its total liability exposure. The Company accrues amounts equal to the actuarial estimated costs to settle open claims of insureds, as well as an estimate of the costs of insured claims that have been incurred but not reported. We develop information about the size of the ultimate claims based on historical experience, current industry information, and actuarial analysis;
- **Revenue recognition** - The amounts owed by private pay individuals for services and estimate of variable considerations to arrive at the transaction price, including methods and assumptions, used to determine settlements with Medicare and Medicaid adjustments due to audits and reviews; and
- **Acquisition accounting and goodwill** - The assumptions used to allocate the purchase price paid for assets acquired and liabilities assumed in connection with our acquisitions, and the review of goodwill for impairment at the Company’s annual impairment test date or upon the occurrence of a triggering event.

Recent Accounting Pronouncements

Information concerning recently issued accounting pronouncements, if applicable, are included in Note 2, *Basis of Presentation and Summary of Significant Accounting Policies* in the Interim Financial Statements.

Results of Operations

The following table sets forth details of our revenue, expenses and earnings as a percentage of total revenue for the periods indicated:

	Three Months Ended March 31,	
	2026	2025
Revenue	100.0 %	100.0 %
Expense:		
Cost of services	81.5	80.4
Rent—cost of services	4.6	5.6
General and administrative expense	6.9	7.1
Depreciation and amortization	0.9	0.9
Total expenses	93.9	94.0
Income from operations	6.1	6.0
Other expense, net:		
Other expense	(0.1)	—
Interest expense, net	(1.1)	(0.6)
Other expense, net	(1.2)	(0.6)
Income before provision for income taxes	4.9	5.4
Provision for income taxes	1.3	1.3
Net income	3.6	4.1
Less: Net income attributable to noncontrolling interest	0.6	0.4
Net income attributable to The Pennant Group, Inc.	3.0 %	3.7 %

The following table presents our consolidated GAAP Financial measures for the three months ended March 31, 2026 and 2025:

	Three Months Ended March	
	31,	
	2026	2025
	(In thousands)	
Consolidated GAAP Financial Measures:		
Total revenue	\$ 285,364	\$ 209,842
Total expenses	\$ 268,063	\$ 197,192
Income from operations	\$ 17,301	\$ 12,650

The following tables present certain financial information regarding our reportable segments for the periods presented. General and administrative expenses are not allocated to the reportable segments.

	Home Health and Hospice Services	Senior Living Services	All Other	Total
(In thousands)				
Segment GAAP Financial Measures:				
Three Months Ended March 31, 2026				
Segment Revenue	\$ 228,832	\$ 54,654	\$ 1,878	\$ 285,364
Segment Cost of Services	192,031	38,390		
Segment Adjusted EBITDAR from Operations	\$ 36,801	\$ 16,264	\$	\$ 53,065
Three Months Ended March 31, 2025				
Segment Revenue	\$ 159,443	\$ 49,534	\$ 865	\$ 209,842
Segment Cost of Services	132,169	35,085		
Segment Adjusted EBITDAR from Operations	\$ 27,274	\$ 14,449	\$	\$ 41,723

The table below provides a reconciliation of Segment Adjusted EBITDAR from Operations to Condensed Consolidated Income from Operations:

	Three Months Ended March	
	2026	2025
	(In thousands)	
Segment Adjusted EBITDAR from Operations ^(a)	\$ 53,065	\$ 41,723
Less: Unallocated corporate expenses	18,325	13,694
Less: Depreciation and amortization	2,616	1,892
Rent—cost of services	13,098	11,715
Other expense	(146)	(69)
Adjustments to Segment EBITDAR from Operations:		
Less: Start-up operations ^(b)	295	78
Share-based compensation expense ^(c)	2,589	2,167
Acquisition related costs ^(d)	354	272
Activities associated with transitioning operations ^(e)	—	20
Transition services costs ^(f)	407	—
Other unusual, non-recurring, or redundant charges ^(g)	—	51
Add: Net income attributable to noncontrolling interest	1,774	747
Income from operations	<u>\$ 17,301</u>	<u>\$ 12,650</u>

(a) Segment Adjusted EBITDAR from Operations is net income attributable to the Company's reportable segments excluding interest expense, provision for income taxes, depreciation and amortization expense, rent, unallocated corporate and administrative expenses, and, in order to view the operations' performance on a comparable basis from period to period, certain adjustments including: (1) activities associated with start-up operations, (2) share-based compensation expense, (3) acquisition related costs, (4) activities associated with transitioning operations, (5) transition services costs, (6) other unusual, non-recurring, or redundant charges, and (7) net income attributable to noncontrolling interest. "All Other" consists of revenues generated at operating locations not included in the segment financial information reviewed by the CODM. Revenue included in the "All Other" category is insignificant individually, and therefore does not constitute a reportable segment. General and administrative expenses are not allocated to the reportable segments, and are included as "Unallocated corporate expenses", accordingly the segment earnings measure reported is before allocation of corporate general and administrative expenses. The Company's segment measures may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

(b) Represents results related to start-up operations. This amount excludes rent and depreciation and amortization expense related to such operations.

(c) Share-based compensation expense and related payroll taxes incurred. Share-based compensation expense and related payroll taxes are included in cost of services and general and administrative expense.

(d) Non-capitalizable costs associated with acquisitions and write-offs for amounts in dispute with the prior owners of certain acquired operations.

(e) During 2025, an affiliate of the Company held its memory care units in transition and is converting the facility into an assisted living community.

(f) Costs identified as redundant or non-recurring incurred by the Company as a result of the transition services agreement between the Company and UnitedHealth Group Incorporated entered into as part of the acquisition agreement consummated on October 1, 2025. All amounts are included in Cost of services. Fees incurred under the transition services agreement were \$2,815 for the three months ended March 31, 2026.

(g) Represents other unusual, non-recurring, or redundant charges for legal services, implementation costs, integration costs, and consulting fees in general and administrative and cost of services expenses.

Less: Rent—cost of services	3,214	2,142	9,885	9,573
Rent related to start-up and transitioning operations	(13)	(7)	(55)	(52)
Segment Adjusted EBITDA from Operations	<u>\$ 33,600</u>	<u>\$ 25,139</u>	<u>\$ 6,434</u>	<u>\$ 4,928</u>

The following discussion includes references to certain performance and valuation measures, which are non-GAAP financial measures, including Consolidated EBITDA, Consolidated Adjusted EBITDA, Segment Adjusted EBITDA from Operations, and Consolidated Adjusted EBITDAR (collectively, “Non-GAAP Financial Measures”). Non-GAAP Financial Measures are used in addition to, and in conjunction with, results presented in accordance with GAAP and should not be relied upon to the exclusion of GAAP financial measures. Non-GAAP Financial Measures reflect an additional way of viewing aspects of our operations and company that, when viewed with our GAAP results and the accompanying reconciliations to corresponding GAAP financial measures, we believe can provide a more comprehensive understanding of factors and trends affecting our business.

We believe these Non-GAAP Financial Measures are useful to investors and other external users of our financial statements regarding our results of operations because:

- they are widely used by investors and analysts in our industry as a supplemental measure to evaluate the overall performance of companies in our industry without regard to items such as interest expense, rent expense, and depreciation and amortization, which can vary substantially from company to company depending on the book value of assets, the term of the lease to which the asset applies, the method by which assets were acquired, and differences in capital structures;
- they help investors evaluate and compare the results of our operations from period to period by removing the impact of our asset base and capital structure from our operating results; and
- Consolidated Adjusted EBITDAR is used by investors and analysts in our industry to value the companies in our industry without regard to capital structures.

We use Non-GAAP Financial Measures:

- as measurements of our operating performance to assist us in comparing our operating performance on a consistent basis from period to period;
- to allocate resources to enhance the financial performance of our business;
- to assess the value of a potential acquisition;
- to assess the value of a transformed operation’s performance;
- to evaluate the effectiveness of our operational strategies; and
- to compare our operating performance to that of our competitors.

We typically use Non-GAAP Financial Measures to compare the operating performance of each operation from period to period. We find that Non-GAAP Financial Measures are useful for this purpose because they do not include such costs as interest expense, income taxes, and depreciation and amortization expense, which may vary from period-to-period depending upon various factors, including the method used to finance operations, the date of acquisition of a community or business, and the tax law of the state in which a business unit operates.

Non-GAAP Financial Measures have no standardized meaning defined by GAAP. Therefore, our Non-GAAP Financial Measures have limitations as analytical tools, and they should not be considered in isolation, or as a substitute for analysis of our results as reported in accordance with GAAP. Some of these limitations are:

- they do not reflect our current or future cash requirements for capital expenditures or contractual commitments;
- they do not reflect changes in, or cash requirements for, our working capital needs;
- they do not reflect the net interest expense, or the cash requirements necessary to service interest or principal payments, on our debt;
- in the case of Consolidated Adjusted EBITDAR, it does not reflect rent expenses, which are normal and recurring operating expenses that are necessary to operate our leased operations;
- they do not reflect any income tax payments we may be required to make;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and these non-cash charges do not reflect any cash requirements for such replacements; and
- other companies in our industry may calculate the same Non-GAAP Financial Measures differently than we do, which may limit their usefulness as comparative measures.

We compensate for these limitations by using Non-GAAP Financial Measures only to supplement net income on a basis prepared in accordance with GAAP in order to provide a more complete understanding of the factors and trends affecting our business.

We strongly encourage investors to review the Interim Financial Statements, included in this Quarterly Report in their entirety and to not rely on any single financial measure. Because these Non-GAAP Financial Measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names. These Non-GAAP Financial Measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP. We strongly urge you to review the reconciliation of Consolidated net income to the Non-GAAP Financial Measures in the table presented above, along with the Interim Financial Statements and related notes included elsewhere in this Quarterly Report.

We believe the following Non-GAAP Financial Measures are useful to investors as key operating performance measures and valuation measures:

Performance Measures:

Consolidated EBITDA

We believe Consolidated EBITDA is useful to investors in evaluating our operating performance because it helps investors evaluate and compare the results of our operations from period to period by removing the impact of our asset base (depreciation and amortization expense) from our operating results.

We calculate Consolidated EBITDA as net income, adjusted for net income attributable to noncontrolling interest, before (a) interest expense (b) provision for income taxes and (c) depreciation and amortization.

Consolidated Adjusted EBITDA

We adjust Consolidated EBITDA when evaluating our performance because we believe that the exclusion of certain additional items described below provides useful supplemental information to investors regarding our ongoing operating performance. We believe that the presentation of Consolidated Adjusted EBITDA, when considered with Consolidated EBITDA and GAAP net income is beneficial to an investor's complete understanding of our operating performance.

We calculate Consolidated Adjusted EBITDA by adjusting Consolidated EBITDA to exclude the effects of non-core business items, which for the reported periods include, to the extent applicable:

- results at start-up operations;
- share-based compensation expense;

- acquisition related costs;
- activities associated with transitioning operations; and
- other unusual, non-recurring, or redundant charges.

Segment Adjusted EBITDA from Operations

We calculate Segment Adjusted EBITDA from Operations by adjusting Segment Adjusted EBITDAR from Operations to include rent-cost of services. We believe that the inclusion of rent-cost of services provides useful supplemental information to investors regarding our ongoing operating performance for each segment.

Valuation Measure:

Consolidated Adjusted EBITDAR

We use Consolidated Adjusted EBITDAR as one measure in determining the value of prospective acquisitions. It is also a measure commonly used by research analysts and investors to compare the enterprise value of different companies in the healthcare industry, without regard to differences in capital structures. Additionally, we believe the use of Consolidated Adjusted EBITDAR allows us, research analysts, and investors to compare operational results of companies without regard to operating and finance leases. A significant portion of finance lease expenditures are recorded in interest, whereas operating lease expenditures are recorded in rent expense.

This measure is not displayed as a performance measure as it excludes rent expense, which is a normal and recurring operating expense and, as such, does not reflect our cash requirements for leasing commitments. Our presentation of Consolidated Adjusted EBITDAR should not be construed as a financial performance measure.

The adjustments made and previously described in the computation of Consolidated Adjusted EBITDA are also made when computing Consolidated Adjusted EBITDAR. We calculate Consolidated Adjusted EBITDAR by excluding rent-cost of services and rent related to start-up operations from Consolidated Adjusted EBITDA.

Three Months Ended March 31, 2026 Compared to the Three Months Ended March 31, 2025

Revenue

	Three Months Ended March 31,			
	2026		2025	
	Revenue Dollars	Revenue Percentage	Revenue Dollars	Revenue Percentage
	(In thousands)			
Home health and hospice services				
Home health	\$ 115,416	40.4 %	\$ 74,118	35.3 %
Hospice	99,159	34.7	70,586	33.6
Home care and other ^(a)	14,514	5.2	15,166	7.2
Total home health and hospice services	229,089	80.3	159,870	76.1
Senior living services	56,275	19.7	49,972	23.9
Total revenue	\$ 285,364	100.0 %	\$ 209,842	100.0 %

(a) Home care and other revenue is included with home health revenue in other disclosures in this Quarterly Report.

Our total revenue increased \$75.5 million, or 36.0%, during the three months ended March 31, 2026. We experienced growth of \$69.2 million from increased operational performance in our Home Health and Hospice segment from increased admissions and census, primarily driven by newly acquired agencies when compared to the three months ended March 31, 2025. The growth in our Senior Living segment resulted in an increase in revenue of \$6.3 million driven by acquired senior living communities and an improved average rate per occupied room and improved occupancy.

Home Health and Hospice Services

	Three Months Ended March 31,		Change	% Change
	2026	2025		
(In thousands)				
Home health and hospice revenue				
Home health services	\$ 115,416	\$ 74,118	\$ 41,298	55.7 %
Hospice services	99,159	70,586	28,573	40.5
Home care and other	14,514	15,166	(652)	(4.3)
Total home health and hospice revenue	\$ 229,089	\$ 159,870	\$ 69,219	43.3 %

	Three Months Ended March 31,		Change	% Change
	2026	2025		
Home health services:				
Total home health admissions	30,721	18,878	11,843	62.7 %
Total Medicare home health admissions	13,303	7,599	5,704	75.1
Average Medicare revenue per 60-day completed episode	\$ 3,689	\$ 3,698	\$ (9)	(0.2)
Hospice services:				
Total hospice admissions	4,805	3,783	1,022	27.0
Average daily hospice census	5,199	3,794	1,405	37.0
Hospice Medicare revenue per day	\$ 192	\$ 190	\$ 2	1.1
Number of home health and hospice agencies at period end	174	137	37	27.0

Home health and hospice revenue increased \$69.2 million, or 43.3%, for the three months ended March 31, 2026 compared to the prior year quarter. Revenue grew due to an increase in certain key performance indicators, including an increase of 62.7% in total home health admissions, an increase in total hospice admissions of 27.0%, and an increase in average daily hospice census of 37.0% during the three months ended March 31, 2026 compared to the prior year quarter. Growth was also driven by the addition of thirty-seven home health and hospice operations between March 31, 2025 and March 31, 2026. Agencies acquired during calendar year 2025 and year-to-date March 31, 2026 drove an increase in revenue of \$53.3 million, representing a 33.3% increase compared to the prior year quarter.

Senior Living Services

	Three Months Ended March 31,		Change	% Change
	2026	2025		
Revenue (in thousands)	\$ 56,275	\$ 49,972	\$ 6,303	12.6 %
Number of communities at period end	63	60	3	5.0
Occupancy	78.6 %	78.5 %	0.1 %	
Average monthly revenue per occupied unit	\$ 5,388	\$ 5,193	\$ 195	3.8

Senior living revenue increased \$6.3 million, or 12.6%, for the three months ended March 31, 2026 compared to the prior year quarter. Revenue grew due to a 3.8% increase in average monthly revenue per occupied unit and an increase of 10 basis points in occupancy between March 31, 2025 and March 31, 2026. Growth was also driven by the addition of three senior living communities between March 31, 2025 and March 31, 2026. Communities acquired during calendar year 2025 and year-to-date March 31, 2026 drove an increase in revenue of \$2.7 million, representing a 5.4% increase compared to the prior year quarter.

Cost of Services

The following table sets forth total cost of services by each of our reportable segments for the periods indicated:

	Three Months Ended March 31,		Change	% Change
	2026	2025		
	(In thousands)			
Home Health and Hospice	\$ 192,022	\$ 132,769	\$ 59,253	44.6 %
Senior Living	40,640	35,976	4,664	13.0
Total cost of services	<u>\$ 232,662</u>	<u>\$ 168,745</u>	<u>\$ 63,917</u>	<u>37.9 %</u>

Total consolidated cost of services increased \$63.9 million, or 37.9%, for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025. Cost of services as a percentage of revenue increased by 110 basis points from 80.4% to 81.5% for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025.

Home Health and Hospice Services

	Three Months Ended March 31,		Change	% Change
	2026	2025		
	(In thousands)			
Cost of services	\$ 192,022	\$ 132,769	\$ 59,253	44.6 %
Cost of services as a percentage of revenue	83.8 %	83.0 %	0.8 %	

Cost of services related to our Home Health and Hospice Services segment increased \$59.3 million, or 44.6%, for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025, primarily due to increased volume of services provided and transition costs related to acquisitions. Cost of services as a percentage of revenue for the three months ended March 31, 2026 increased 80 basis points when compared to the three months ended March 31, 2025.

Senior Living Services

	Three Months Ended March 31,		Change	% Change
	2026	2025		
	(In thousands)			
Cost of services	\$ 40,640	\$ 35,976	\$ 4,664	13.0 %
Cost of services as a percentage of revenue	72.2 %	72.0 %	0.2 %	

Cost of services related to our Senior Living Services segment increased \$4.7 million, or 13.0%, for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025, primarily due to increased wages and benefits and acquisition activity. As a percentage of revenue, costs of service increased by 20 basis points for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025 primarily due to decreases in state relief funding.

Rent—Cost of Services. Rent expense increased 11.8% from \$11.7 million to \$13.1 million in the three months ended March 31, 2026 when compared to the three months ended March 31, 2025, primarily as a result of the new leases related to the acquired home health and hospice operations and senior living communities. Rent as a percentage of total revenue decreased 100 basis points from 5.6% for the three months ended March 31, 2025, compared to 4.6% for the three months ended March 31, 2026.

General and Administrative Expense. Our general and administrative expense increased \$4.8 million, or 32.7%, from \$14.8 million to \$19.7 million for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025. General and administrative expense as a percentage of revenue decreased 20 basis points from 7.1% to 6.9% during the period. The primary driver of the increase in general and administrative expense was due to an increase in payroll and related benefits and an increase in professional services related to acquisition activities for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025.

Depreciation and Amortization. Depreciation and amortization expense increased \$0.7 million, or 38.3%, from \$1.9 million to \$2.6 million for the three months ended March 31, 2026 when compared to the three months ended March 31, 2025. The increase in depreciation and amortization was due to the increase in overall property and equipment, net balances driven in part by acquisition activity.

Provision for Income Taxes. We recorded income tax expense of \$3.8 million and \$2.9 million, or 26.9% and 25.1% of earnings before income taxes, for the three months ended March 31, 2026 and 2025, respectively. The increase in the effective tax rate is primarily attributable to higher state income taxes driven by changes in the geographic mix of earnings, net of the related federal tax benefit.

Liquidity and Capital Resources

Our primary sources of liquidity are net cash provided by operating activities and borrowings under our Amended Revolving Credit Facility.

Revolving Credit Facility

On July 31, 2024, Pennant amended and restated its existing credit agreement (as amended, the “Amended Credit Agreement”), which provides for an increased revolving credit facility with a syndicate of banks with a borrowing capacity of \$250.0 million (the “Amended Revolving Credit Facility”). The Amended Revolving Credit Facility is not subject to interim amortization and the Company will not be required to repay any loans under the Amended Revolving Credit Facility prior to maturity in 2029. The Company is permitted to prepay all or any portion of the loans under the Amended Revolving Credit Facility prior to maturity without premium or penalty, subject to reimbursement of any SOFR breakage costs of the lenders.

On November 3, 2025, Pennant entered into the First Amendment to Amended and Restated Credit Agreement (the “First Amendment”), which provides for an incremental term loan with an aggregate principal amount of \$100.0 million (the “Incremental Term Loans”). The Incremental Term Loans constitute term loans under, and are subject to the terms and provisions of, the Amended Credit Agreement, including bearing interest at the same interest rate, and having the same maturity date, as the Amended Revolving Credit Facility. The Company used the proceeds of the Incremental Term Loans to refinance a portion of the outstanding revolving loans under the Amended Revolving Credit Facility and to pay fees and expenses incurred in connection with the First Amendment.

The Amended Credit Agreement contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of the Company and its independent operating subsidiaries to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations, amend certain material agreements and pay certain dividends and other restricted payments. Financial covenants require compliance with certain levels of leverage ratios that impact the amount of interest. As of March 31, 2026, the Company was compliant with all such financial covenants.

As of March 31, 2026, we had \$4.9 million of cash and \$174.6 million of available borrowing capacity on our Amended Revolving Credit Facility.

We believe that our existing cash, cash generated through operations, and access to available borrowing capacity under our Amended Credit Agreement, will be sufficient to provide adequate liquidity for the next twelve months for both our operating activities and for opportunities of acquisition growth.

The following table presents selected data from our Condensed Consolidated Statement of Cash Flows for the periods presented:

	Three Months Ended March 31,	
	2026	2025
	(In thousands)	
Net cash used in operating activities	\$ (3,405)	\$ (21,229)
Net cash used in investing activities	(5,380)	(50,301)
Net cash (used in) provided by financing activities	(3,327)	52,505
Net decrease in cash	(12,112)	(19,025)
Cash at beginning of period	17,024	24,246
Cash at end of period	\$ 4,912	\$ 5,221

Three Months Ended March 31, 2026 Compared to the Three Months Ended March 31, 2025

Our net cash used in operating activities for the three months ended March 31, 2026 decreased by \$17.8 million when compared to the three months ended March 31, 2025. The primary driver of this difference was an increase in net income of \$1.8 million, an increase of \$2.0 million in non-cash expenses, and an increase in cash flows from the change in operating assets and liabilities of \$14.1 million, net.

Our net cash used in investing activities for the three months ended March 31, 2026 decreased by \$44.9 million compared to the three months ended March 31, 2025, primarily driven by a decrease in business acquisitions.

Our net cash used in financing activities decreased by approximately \$55.8 million for the three months ended March 31, 2026 compared to the three months ended March 31, 2025. The decrease was primarily due to a net decrease in the balance on our line of credit during the three months ended March 31, 2026 compared to the three months ended March 31, 2025. The three months ended March 31, 2025 included a large draw on our Amended Revolving Credit Facility related to acquisition activity.

Contractual Obligations, Commitments and Contingencies

We continue to make draws and payments on our Amended Revolving Credit Facility, as described in Note 11, *Debt*, to the Interim Financial Statements in Part I of this Quarterly Report. Additionally, we have right-of-use assets obtained in exchange for new operating lease obligations, as described in the supplemental disclosures of cash flow information in the Condensed Consolidated Statement of Cash Flows and in Note 13, *Leases*, to the Interim Financial Statements in Part I of this Quarterly Report.

Other than those transactions, there have been no other material changes to our total obligations during the period covered by this Quarterly Report outside of the normal course of our business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk. We are exposed to risks associated with market changes in interest rates. On July 31, 2024, Pennant entered into the Amended Credit Agreement, which provides for a revolving credit facility with a syndicate of banks with a borrowing capacity of \$250.0 million. On November 3, 2025, Pennant entered into the First Amendment, which provides for an incremental term loan with an aggregate principal amount of \$100.0 million. A 1.0% interest rate change would cause interest expense to change by approximately \$1.7 million annually based upon our outstanding long-term debt as of March 31, 2026. We manage our exposure to this market risk by monitoring available financing alternatives.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), as of the end of

the period covered by this Quarterly Report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures were effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no material changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. *Legal Proceedings*

We are involved in various claims and lawsuits arising in the ordinary course of business, none of which, in the opinion of management, is expected to have a material adverse effect on our results of operations or financial condition. However, the results of such matters cannot be predicted with certainty and we cannot assure you that the ultimate resolution of any legal or administrative proceeding or dispute will not have a material adverse effect on our business, financial condition, results of operations and cash flows. See Note 16, *Commitments and Contingencies*, to the Interim Financial Statements for a description of claims and legal actions arising in the ordinary course of our business.

Item 1A. *Risk Factors*

We have disclosed under the heading “Risk Factors” in the 2025 Annual Report risk factors that materially affect our business, financial condition or results of operations, and disclosed more recent events relevant to our business under Item 2, *Management’s Discussion and Analysis of Financial Condition and Results of Operations*. You should carefully consider the risk factors set forth in the 2025 Annual Report and the other information set forth under Item 2, *Management’s Discussion and Analysis of Financial Condition and Results of Operations*, in this Quarterly Report. You should be aware that these risk factors and other information may not describe every risk facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Since the filing of our 2025 Annual Report on February 26, 2026, the following addition has been made to the risk factors previously disclosed.

The Increasing Use of Artificial Intelligence Creates or Increases Regulatory and Business Risks That May Have a Material Impact on Our Results. The use of artificial intelligence (“AI”) in technology is rapidly expanding. AI is embedded in or utilized by systems in ways that may or may not be apparent. The inherent complexity of AI models may make it difficult to understand how decisions are made. Inaccurate outputs due to biased training data, flawed algorithms, or other causes could lead to inappropriate recommendations or decisions. Utilizing AI may create new business associate relationships and heightened risks of data breaches or unauthorized use of protected health information. Laws and regulations relating to AI are changing rapidly at the state and federal level, which may increase compliance costs or render current technologies non-compliant.

Item 5. *Other Information*

Rule 10b5-1 Plan Election

Jason P. Steik, Chief Executive Officer, entered into a Rule 10b5-1 trading arrangement on March 10, 2026 (the “Rule 10b5-1 Plan”). Mr. Steik’s 10b5-1 Plan provides for the potential sale of only the number of shares of the Company’s common stock necessary to cover the tax obligations generated by the vesting of 7,600 shares of the Company’s common stock between the adoption date of the Rule 10b5-1 Plan and its expiration on November 16, 2029.

Mr. Steik’s Rule 10b5-1 trading arrangement was entered into during an open trading window and is intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) under the Securities Exchange Act of 1934, as amended, and the Company’s policies regarding transactions in Company securities.

Item 6. Exhibits**EXHIBIT INDEX**

<u>Exhibit</u>	<u>Description</u>
3.1	Amended and Restated Certificate of Incorporation of The Pennant Group, Inc., effective as of September 27, 2019 (incorporated by reference to Exhibit 3.1 to The Pennant Group, Inc.'s Current Report on Form 8-K (File No. 001-38900) filed with the SEC on October 3, 2019).
3.2	Second Amended and Restated Bylaws of The Pennant Group, Inc., effective as of February 21, 2022 (incorporated by reference to Exhibit 3.1 to The Pennant Group, Inc.'s Current Report on Form 8-K (File No. 001-38900) filed with the SEC February 22, 2022).
10.1	The Pennant Group, Inc. Amended and Restated 2019 Omnibus Incentive Plan (incorporated by reference to Exhibit 4.5 to The Pennant Group, Inc.'s Registration Statement on Form S-8 (File No. 001-38900) filed with the SEC on July 7, 2025).
31.1	Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
31.2	Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
32.1	Certification of Chief Executive Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
32.2	Certification of Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Dated: May 6, 2026

The Pennant Group, Inc.

BY: /s/ LYNETTE B. WALBOM

Lynette B. Walbom
Chief Financial Officer (Principal Financial Officer and Duly
Authorized Officer)

I, Brent J. Guerisoli, certify that:

1. I have reviewed this quarterly report on Form 10-Q of The Pennant Group, Inc;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
