In addition, we continue to invest in leaders who are eager and prepared to step into operations. We see attractive growth opportunities in the current market and are well-positioned to take advantage of an increasingly favorable acquisition environment."

Lynette Walbom, Pennant's Chief Financial Officer, commented on the Company's balance sheet and strong cash flow: "Our operations produced \$27.9 million of cash through the third quarter, which will enable us to execute on our short and long term growth plans." She noted that the Company had \$3.4 million of cash on hand and \$90.8 million available on its revolving line of credit, with a net debt-to-adjusted EBITDA ratio of 1.30x and a lease-adjusted net debt-to-adjusted EBITDAR ratio of 4.74x.

#### 2023 Guidance

Management is updating its annual guidance as follows: total revenue is anticipated to be between \$526.0 million and \$531.0 million; full year 2023 adjusted earnings per diluted share is anticipated to be between \$0.69 and \$0.75; and full year 2023 adjusted EBITDA is anticipated to be between \$39.4 million and \$42.6 million.

The Company's 2023 annual guidance is based on diluted weighted average shares outstanding of approximately 30.2 million and a 26.0% effective tax rate. The guidance assumes, among other things, reimbursement rate adjustments and no unannounced acquisitions. It excludes the tax-effected costs at start-up operations, share-based compensation, acquisition-related costs, and loss on disposition of assets and impairments.

Ms. Walbom stated, "We believe providing annual adjusted consolidated EBITDA guidance in addition to annual revenue and adjusted earnings per share guidance is helpful in understanding our expectations for our business and operational cash flow. This updated guidance reflects management's expectations based on solid performance through the third quarter."

2024 guidance will be provided in the Company's fourth quarter and year-end 2023 earnings release.

#### Discussion of Non-GAAP Financial Measures

EBITDA consists of net income before (a) interest expense, net, (b) (benefits) provisions for income taxes, and (c) depreciation and amortization. Adjusted EBITDA consists of net income attributable to the Company before (a) (benefits) provisions for income taxes, (b) depreciation and amortization, (c) costs incurred for start-up operations, including rent and excluding depreciation, interest and income taxes, (d) share-based compensation expense, (e) non-capitalizable acquisition related costs and credit allowances, (f) net costs associated with transitioning operations, (g) usual or non-recurring charges and (h) net income attributable to noncontrolling interest. Consolidated Adjusted EBITDAR is a valuation measure applicable to current periods only and consists of net income attributable to the Company before (a) interest expense, net, (b) (benefits) provisions for income taxes, (c) depreciation and amortization, (d) rent-cost of services, (e) costs incurred for start-up operations, excluding rent, depreciation, interest and income taxes, (f) share-based compensation expense, (g) acquisition related costs and and credit allowances, (h) redundant or non-recurring transition services costs, (i) costs associated with transitioning operations, (j) usual or non-recurring charges and (j) net income attributable to noncontrolling interest. The company believes that the presentation of EBITDA, adjusted EBITDA, consolidated adjusted EBITDAR, adjusted net income and adjusted earnings per share provides important supplemental information to management and investors to evaluate the company's operating performance. The company believes disclosure of adjusted net income, adjusted net income per share, EBITDA, adjusted EBITDA and consolidated adjusted EBITDAR has economic substance because the excluded revenues and expenses are infrequent in nature and are variable in nature, or do not represent current revenues or cash expenditures. A material limitation associated with the use of these measures as compared to the GAAP measures of net income and diluted earnings per share is that they may not be comparable with the calculation of net income and diluted earnings per share for other companies in the company's industry. These non-GAAP financial measures should not be relied upon to the exclusion of GAAP financial measures. For further information regarding why the company believes that this non-GAAP measure provides useful information to investors, the specific manner in which management uses this measure, and some of the limitations associated with the use of this measure, please refer to the company's periodic filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K and Quarterly Report on Form 10-Q. The company's periodic filings are available on the SEC's website at www.sec.gov or under the "Financial Information" link of the Investor Relations section on Pennant's website at http://www.pennantgroup.com.
